

Reciprocity Policy

The Professional Development Office at the University of Utah S.J. Quinney College of Law provides career assistance to students and graduates of accredited law schools that, in turn, offer similar services to our students and graduates.

Requests for services must be made by a career services-office official, in writing, stating the student's date of graduation. Such requests should also provide the student's address, or e-mail address in the case of electronic requests. The student should wait for a copy of our written response before contacting this office.

We are able to offer limited reciprocity services from August 1 through November 1 due to Fall Recruiting activities.

The online job listing is available to those students/graduates from law schools that grant University of Utah students/graduates similar access.

Participation in the University of Utah's on-campus interview program is **not** available to students and graduates from other institutions requesting reciprocal services.
